Dot Net WPF Developer

Job Location
Gurgaon, Haryana, India

Description
We are looking for an experienced .Net + WPF Developer with a strong background in Windows-based applications to join our team in Gurgaon. The ideal candidate will have:

Requirement Title: .Net + WPF Developer

Work Experience: 4-6 years

Work Location: Gurgaon

Education Qualification: B.E/B. Tech

Salary Budget: Up to 20 LPA

Notice Period: 0-45 days

Must-Have Skills: .NET, WPF, MVVM

Responsibilities

- **4+ years** of software development experience, with **2-3 years** focused on Windows-based applications.
- Solid hands-on experience in **Object-Oriented Analysis & Design (OOAD)**, **OOP concepts**, **C#**, **WPF**, **multi-threading**, and communication protocols with **.Net Framework 4.0/4.5** & **.Net Core**.
- Strong expertise in the design and development of user interfaces using **MVVM (Model View ViewModel)** and data binding.
- Proficiency in **Architecture Designing**, **Design Patterns**, and **UML**.
- Experience working on multi-tiered applications and databases.
- Familiarity with native languages and components like **C/C++/VC++**, **Win32 API**, and **COM**.
- Experience writing **COM interoperability** and wrapper applications in **C# and C++**.
- Hands-on experience with **medical industry communication protocols** such as **FHIR**, **HL7**, and **DICOM**.
- Experience in device communication protocols and **tele-conferencing** solutions.
- Proven track record of integrating **Electronic Health Record (EHR/EMR) systems**.
- Knowledge of **video integration software** is an added advantage.
